Enigmatic brothers' uniquecorn poised to be a unicorn

Mohammad Rishad Faridi and Saloni Sinha

Case study published in 'Emerald' (United Kingdom). Title:- "Enigmatic Brother's Poised to be Unicorn".

A case study of UNEAKO At a TEDx Talk in March 2021, clapping reverberated throughout the hall. The words which had drawn a standing ovation from college-going youth were "When there is hope, you can move mountains! And since these mountains were of garbage, we could not have ignored them. With hope and grit, we set out on our mission of 'making planet happy'. These three magic words became the credo of UNEAKO," said Ankit Tripathi, a compassionate 22-year-old, the typical lad from New Delhi, India, who seemed driven to change the world. Ankit's elder brother, Atul, a creative 25-year-old, sat beaming with pride and gratitude.

As mechanical engineering graduates, both brothers had witnessed the advancement of technology at the cost of Mother Earth. It pained them no end. Consequently, Atul rejected the job of an engineer in a government institution after graduation. The parents were shocked when Ankit followed suit. The brothers were poles apart in their personality and temperament, and it was rare to see them agree so strongly on anything. And they also agreed to disagree with their parents and ventured into becoming entrepreneurs with a purpose and a passion to salvage the environment. They certainly had a vision, but without a proper roadmap, it would be a tough game. Nevertheless, they boldly embarked upon their journey and established their start-up "UNEAKO" in 2019. "UNEAKO" was a

calculated risk, taking into account the resistance from parents, personal conflicts, financial limitations,

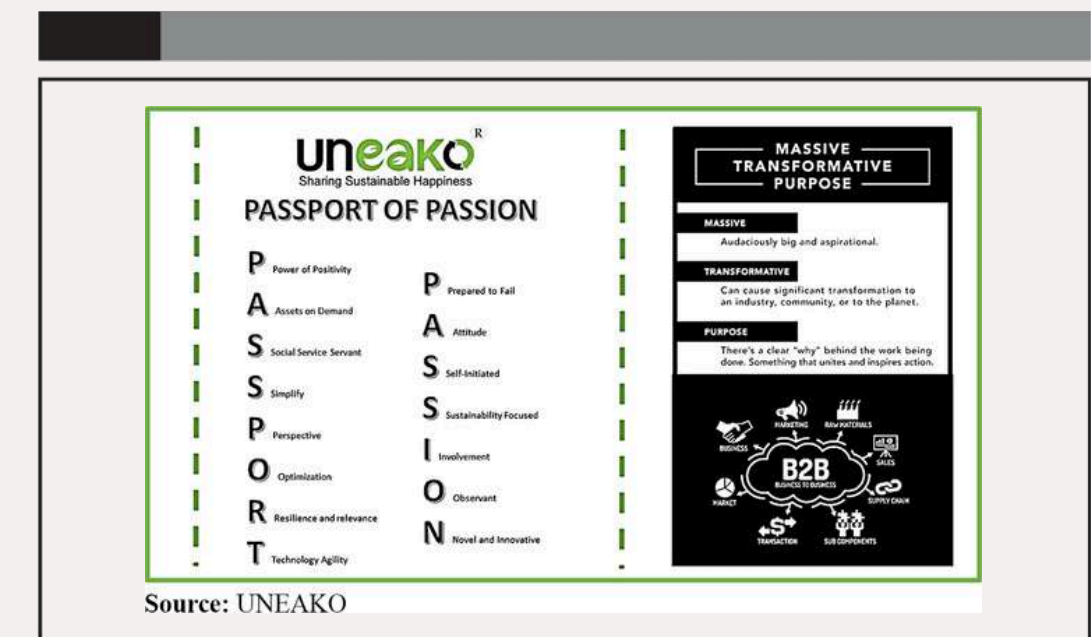

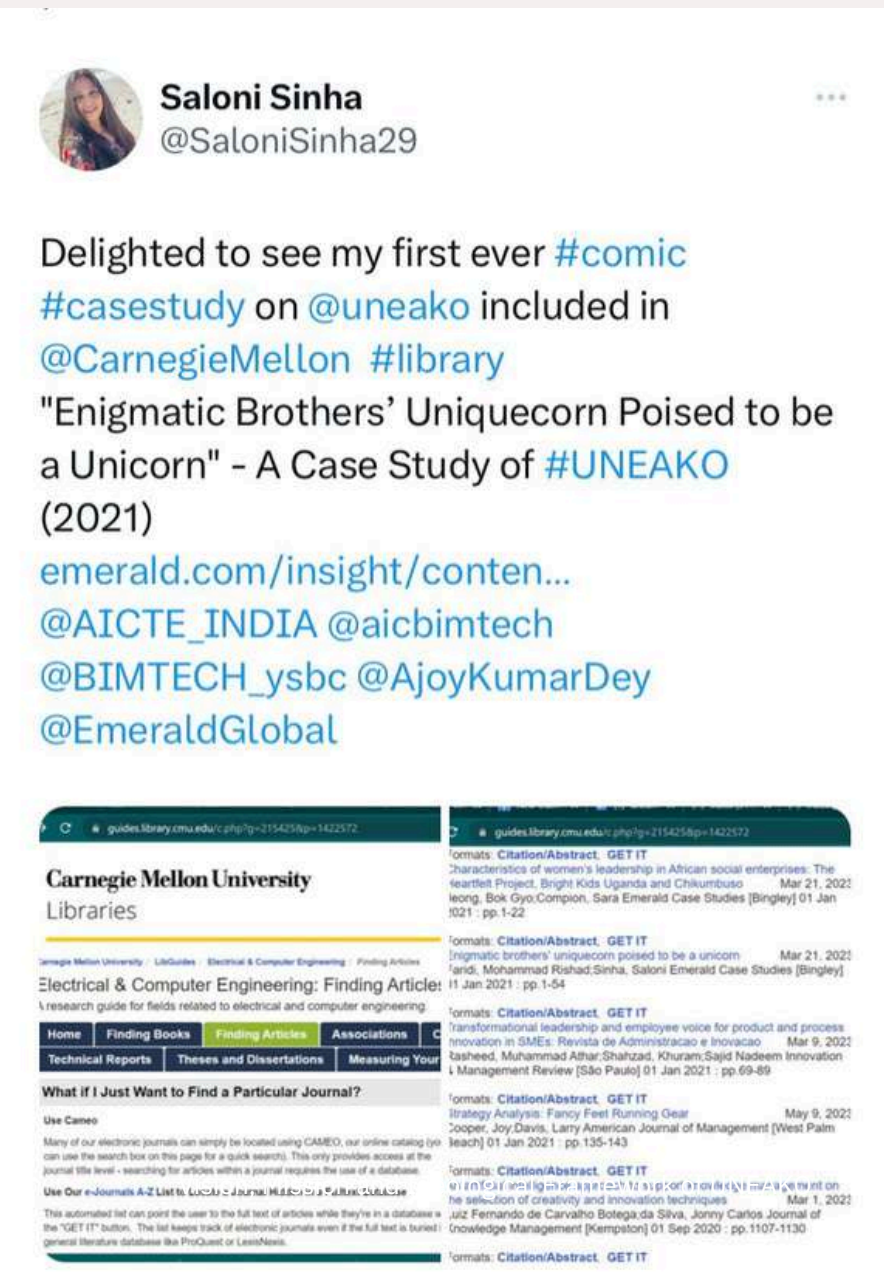

shallow expertise, acceptability of social concern and low awareness regarding the environment, government regulations and conflicts between the brothers. Coming from a non-business family, they had defied obstacles and challenges by daring to start their own business, putting at stake the hard-earned money of their father Satendra Tripathi. Amidst much mockery, would Atul and Ankit succumb and become a laughing stock or would they find something that they could live and die for?

The UNEAKO story

The Tripathi family was the quintessential example of the Indian urban middle class where the father saved for his sons' education so that they could enter stable jobs in banks, civil services, medical or engineering, essentially pensionable jobs. Aspiration for a "high status" within the family and society was the accepted norm. Anything less would bring loss of face or disgrace among acquaintances, leading, in turn, to low esteem of the parents. The parents had already decided their career paths when they were still in the cradle, so the disowning of his parents' wishes by refusing to work as an engineer in a government institution, as was expected from the son of an urban Indian middle class family, was almost a sacrilege. The parents were shocked when Ankit outright refused to accept a job offer from a reputable organization.

Mohammad Rishad Faridi is based at Department of Marketing, Prince Sattam Bin Abdulaziz University, Al-Kharj, Saudi Arabia. Saloni Sinha is based at the Department of Business Communication, Birla Institute of Management Technology, Greater Noida, India.

The authors place on record gratitude to Atul Tripathi and Ankit Tripathi the founders of UNEAKO, India for giving their consent and permission to produce it as a cartoon case storybook. Authors are also grateful to the students: Itika Vashistha, Juhi Shrivastava, Kartik Garg, Kunal Jain and Mahima Agarwal. PGDM Batch 2000-22 BIMTECH, Greater Noida, India for their contribution in comic frames A and Vaibhavi Studios, Kolkata, India for their contribution in comic frames B. Funding: This publication was supported by Deanship of Scientific Research at Prince Sattam Bin Abdulaziz University, Al Kharj, Kingdom of Saudi Arabia. Disclaimer: This case is written solely for educational purposes and is not intended to represent successful or unsuccessful managerial decision-making. The authors may have disguised names; financial and other recognizable information to protect confidentiality.

Government of India Best Innovators contest and were awarded for being one of the 10 innovative products (refer to Comic Frames 9–11 of Case A in Appendix 1) (Figures 3–5).

Audi talents take their ideas to One Young World

Young visionaries to meet in Manchester.

Reading Time: 4 min

Audi supports young minds and fresh ideas: 29 employees from Audi and Bentley as well as scholarship recipients from the Audi Environmental Foundation will get the chance to advance their ideas for a better world at the One Young World Summit in Manchester from 5 to 8 September 2022.

Looking forward, thinking ahead: The One Young World Summit in Manchester gives young visionaries and their ideas a stage. This year's conference will focus on conflict prevention, gender justice, ocean ecosystems, ethical leadership, and health. More than 2,000 participants from over 190 countries are expected to attend, among them high-ranking guests from the world of politics and science, such as former UN Secretary-General Ban Ki-moon and WHO Director-General Tedros Adhanom Ghebreyesus.

One Young World Audi Environmental Foundation Scholarship: Action Required

Delegate Services 9 May to me

Dear Ankit,

Thank you for your application to participate in the One Young World Summit 2022 which takes place in Manchester from 5 to 8 September.

We are pleased to inform you that you have been selected to participate in the Summit with the support of the Audi Environmental Foundation Scholarship.

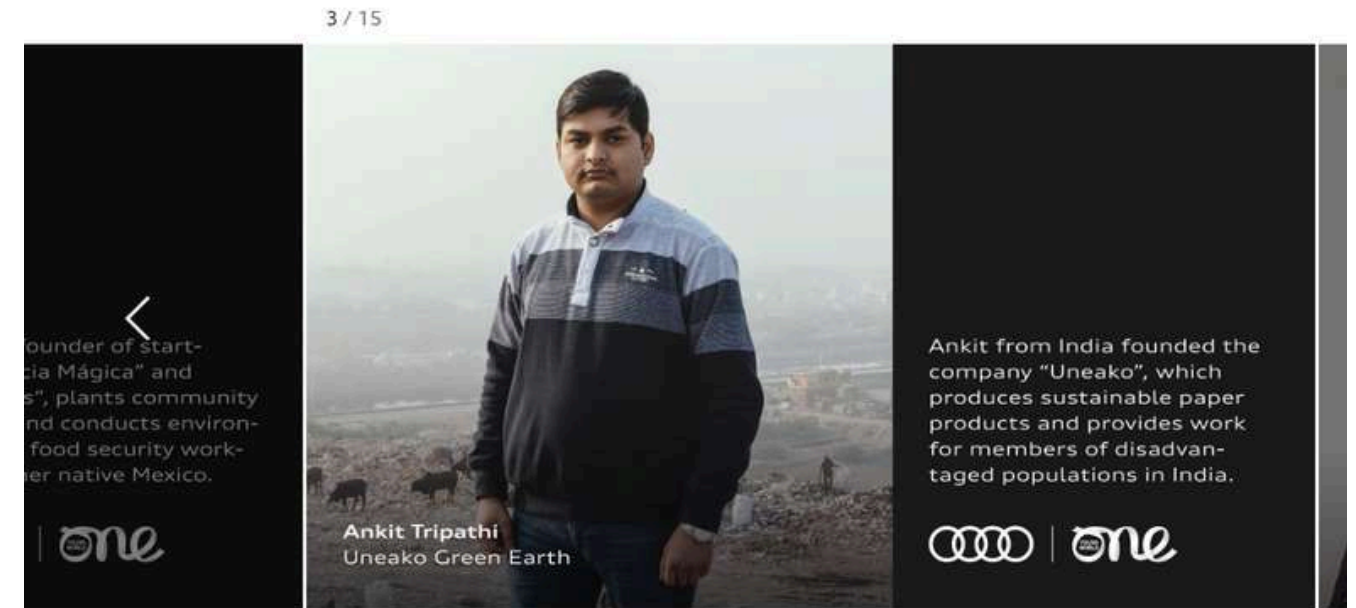

The annual One Young World Summit brings together 2,000+ of the brightest young leaders from every country and sector, working to accelerate social impact both in-person and digitally. Delegates from 190+ countries are counselled by influential political, business, and humanitarian leaders such as Justin Trudeau, Paul Polman and Meghan Markle, and many others to harness the knowledge and skills needed for being impactful change makers.

Projects supported by the Audi Environmental Foundation

The Audi Environmental Foundation awarded scholarships to Dicky Alfandy (Indonesia), Alhaji Siraj Bah (Sierra Leone), Alondra Jazmin Fraustro Cardiel (Mexico), Daniel Gutierrez Patino (Columbia), Nadea Nabilla Puteri (Indonesia), Russell Reed (USA), Mayumi Sato (Japan), Arunima Sen (India), Edward Shao (USA), Sharona Shnyder (Israel), Franziska Trautmann (USA), Ankit Tripathi (India), Kelo Uchendu (Nigeria), Felipe Villela (Brazil), and Juan Antonio Arriaga Viveros (Mexico).

World Young changemaker's visit to Bentley's Plant in manchester.

To: Ankit Tripathi
 Passport number: 50170246
 Passport issued by: India

Dear Ankit Tripathi,

Re: One Young World Summit 2022, Manchester

I am pleased to confirm your delegate registration for The One Young World Summit 2022 which takes place in Manchester, United Kingdom between 5 and 8 September 2022.

One Young World was founded in 2009 by David Jones and Katie Robertson. We are a UK-based not-for-profit that gathers together the brightest young people from around the world, empowering them to make lasting connections to create positive change. We stage an annual Summit where the most valuable young talent from global and national companies, NGOs, universities and other forward-thinking organisations are joined by world leaders, writing as the One Young World Council Members.

More details about the Summit in Manchester can be found at the following website:
<https://www.oneyoungworld.com/summit2022>

You have been selected for a scholarship to attend the One Young World Summit 2022. This means that you will not be required to pay any fee to attend the One Young World Summit 2022, and that One Young World will cover the following expenses for you to enable you to participate:

- Access to the One Young World Summit on 5, 6, 7 and 8 September 2022.
- Hotel accommodation for the duration of your stay in Manchester.
- Meals and catering throughout the event.
- Return air travel to Manchester.

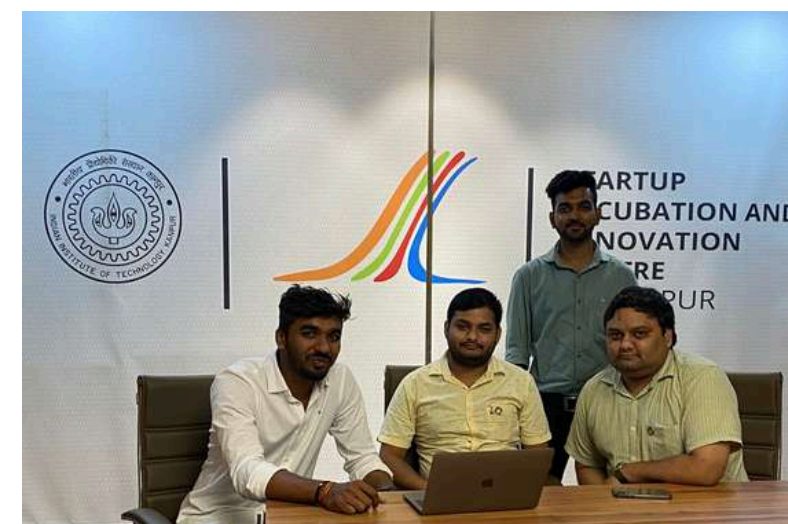

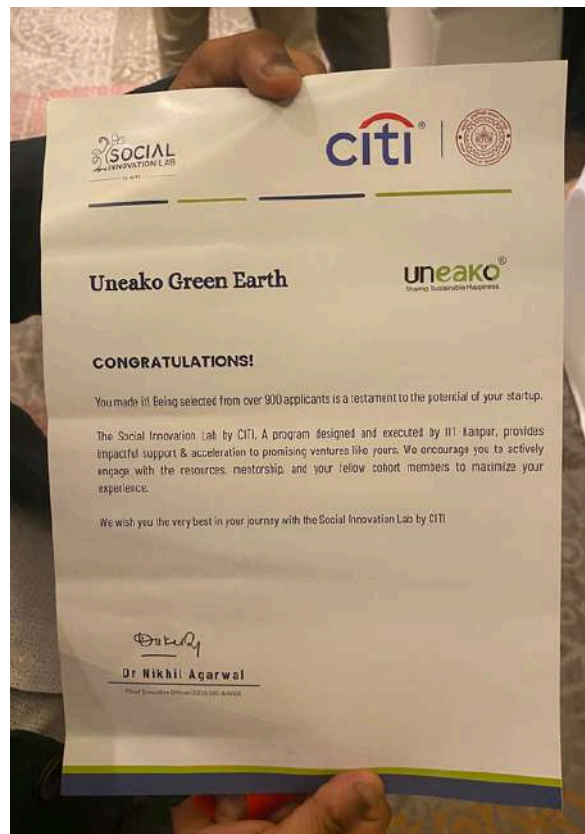

One Young World will arrange your hotel accommodation. One Young World has contracted hotel accommodation for delegates in the following hotels: Jays Inn Manchester, Hotel Ibis Manchester Centre, Hotel Novotel Manchester Centre, Miro Manchester City, Clayton Hotel Manchester City Centre, Maldron Hotel Manchester City Centre, Motel One Manchester - Piccadilly, Motel One Manchester - Royal Exchange, Motel One Manchester - St Peter's Square. One Young World will assign you to stay in one of these hotels closer to the date of the Summit.

If you require a visa, please include a copy of this letter along with all other required documentation with your visa application. For more information, please visit <https://www.oneyoungworld.com/summit2022/visas>. Alternatively, please contact One Young World's Visa Team via visateam@oneyoungworld.com or +44203618060.

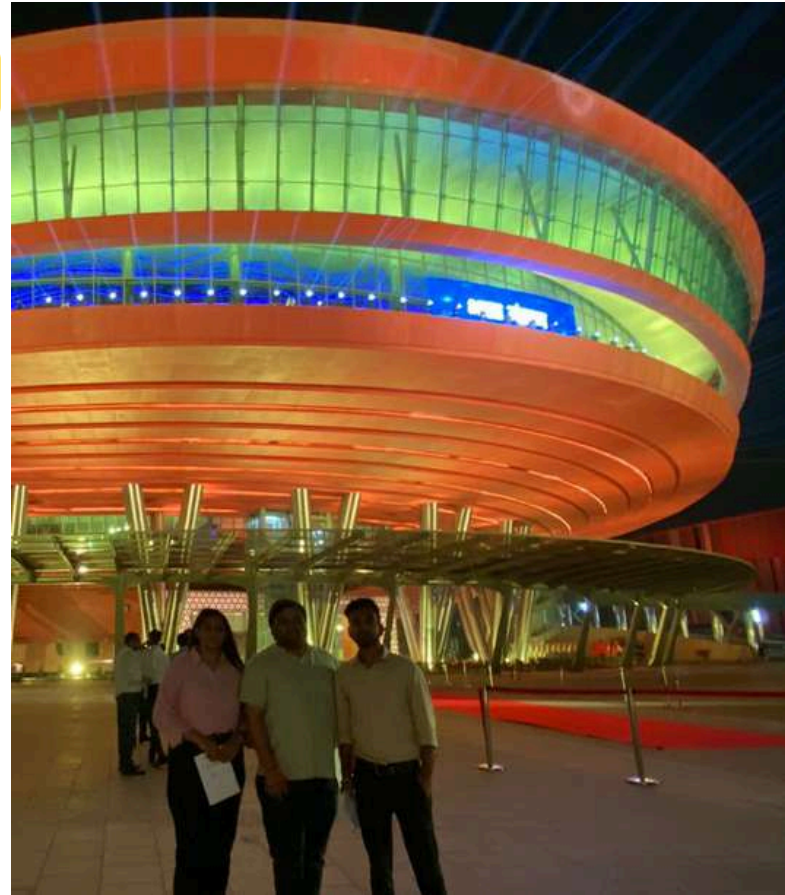

Sincerely,
 Matthew Robinson

Miss India 2011, Kanishtha Dhankar, is working and supporting our Initiative. Uneako - Make Planet Happy

Kanishtha Dhankar, who was crowned Miss India in 2011, has been a model, an actor, a psychology student and a strong advocate for sustainability working with Tetra Pak and Uneako. But modelling was always her first love, and she even starred as one in Madhur Bhandarkar's 2008 Bollywood directorial, *Fashion*. Yet, she always felt like she was never fully recognised for her multiple interests and talents. "I am so much more than a pretty face that people see in magazines. I have an intellectual and passionate side too that people never got to see," she says.

Featured in Silicon India magazine as 10 Most Green Product Companies

siliconindia 10 MOST PROMISING GREEN PRODUCT COMPANIES - 2020

For making lives of millions better, free from toxic chemicals, an eco-friendly atmosphere, promotion of sustainable and green products manufacturing has been the buzz around for several years. Answering the call, many environmental development researchers are coming up with products that are not only eco-friendly but also productive for the environment. Some of the products like reusable flatware made from wood, ate pouch, cotton and food-grade made reusable beeswax wrap, reusable wipe made from cellulose, a facial pad made of bamboo cotton, charcoal deodorizer, seed notebook made from recycled paper and seeds of different flowers and vegetables, seed pen made from 100 per cent recycled from whatsgans, and reusable beeswax wraps have made a positive impact to the process of saving the environment. While these products are involved in making everyday processes healthy, companies manufacturing the products have different stories on how they started their journey. The hurdles they crossed and the tough challenges like creating awareness about eco-friendly practices are truly encouraging and worth knowing. After studying the current market trends and the interesting stories, siliconindia's distinguished panel consisting of CEOs, CIOs, VCs, analysts and the editorial team present to the readers a list of "10 Most Promising Green Product Companies - 2020". The enlisted companies are best

UNEAKO - MAKE PLANET HAPPY

Circular Economy

uneako is an amalgamation of "unique and eco" meaning that we provide eco-friendly and sustainable products in never seen before avatar. On mission ----> "to reduce 1 million tons of single-use plastic products from reaching landfills and ocean by 2050 with affordable, exciting micro-sustainable alternatives". With our motto "sharing sustainable happiness", we strive to curb the environmental threats of climate change and plastic pollution by introducing an exclusive innovative range of climate positive product solutions, which are made using various organic, natural, industrial waste and biodegradable materials. Alongside we are also trying to support the marginalised communities of our society by employing them to handcraft our products.

GCM Project support Inbox

Gabriela Jaeger 8 Apr
to info

Dear Ankit,

I am happy to inform you Uneako has been selected for project support. As mentioned over our call, I will need a more detailed breakdown of your budget and how will you use the funds and dates for the midterm and final reports that fit within a time span of 8-12 months to be able to assess the progress of the project.

Also, the project description you provided is very long for our website, so please send me a description of about 200 words describing the project. Make sure to include the links to your website and send me a logo or image that can accompany the description.

Grant payment

In terms of the grant, we split the grants into two payments, the second one hanging from the review of the midterm. In your application, you mentioned November and December for your reporting dates, however, these are too close together to be able to assess progress. Please send new dates that fit within the time span of 8-12 months with enough time in between. Please mind you would be receiving the second half of your grant after the assessment of the midterm, also consider that international transactions can take a week or longer (ask your bank). I will be needing exact dates to put in the agreement, even if we move them a bit.

Reports and Branding

As mentioned before, the second payment of the grant will only be released after the assessment of your midterm report and respective evidence. The reports need to be sent through our online form. Additional documents can be sent via email.

Sakhi Magazine Date June 2020

सरोकार/उ जुन पर्यावरण दिवस पर विशेष
 लॉकडाउन में जब सब कुछ धम-सा गया, तब प्रकृति भी अपने असली रूप में आ गई, नदियों का पानी पारदर्शी हो गया और हवा शुद्ध हो गई। इन बातों से सबक लेते हुए इस दिशा में किस तरह के प्रयास किए जाने चाहिए? इसके बारे में क्या सोचते हैं, हमारे रीडर्स जानते हैं, उन्हीं की जुबानी।

प्रकृति है जीवन का आधार

संसाधनों का दुरुपयोग न करें
अंकित त्रिपाठी, क्लाइमेट एडिटर
 यह प्रकृति का नियम है कि अगर कोई जीव पृथ्वी को नुकसान पहुंचाने की कोशिश करता है तो वह उसे स्वतः नष्ट कर देता है। कई बार बाढ़, सूखा, भूकंप या किसी अन्य महामारी के माध्यम से वह हमें ऐसा संकेत देती है कि हम उसके संसाधनों को नष्ट कर रहे हैं, लेकिन भौतिक सुख-सुविधाएं पाने के लालच में हम पेड़-पहाड़, धरती और नदियों को नुकसान पहुंचाना शुरू कर देते हैं। हम गाड़ियों, एयरकंडीशनर और फैक्ट्रियों के जरूरतों से पूरे वायुमंडल को प्रदूषित कर रहे हैं। भले ही कोरोना महामारी खत्म हो जाए, लेकिन उसके बाद भी हमें अपनी आदतें बदलनी होंगी। पर्यावरण को स्वच्छ बनाए रखने की दिशा में निरंतर प्रयास करना होगा। सभी को अधिक से अधिक संख्या में पेड़-पौधे लगाने चाहिए। वृक्षों की कटाई रोकनी होगी और नदियों को प्रदूषित होने से बचना बहुत जरूरी है। कोरोना संकट के वर्तमान दौर में मैंने डॉक्टर्स और पुलिसकर्मियों के लिए विशेष क्रिसम का शौल्ड मास्क तैयार किया है, जो उनके कामकाज को दृष्टि से पूर्णतः सुरक्षित और सुविधाजनक है। इसके अलावा एप्लिकल्ड वेस्ट को रीसाइक्लिंग के जरिये में कुछ उपयोगी वस्तुएं बनाने की तैयारी में जुटा हूँ।

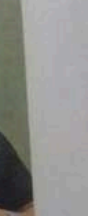

गलतियों से सीखें सबक
 अंकित त्रिपाठी, क्लाइमेट एडिटर
 कोरोना संकट के कारण से प्रकृति ने हमें यह सबक सिखाया है कि अगर हम उसके नियमों का पालन नहीं करते तो प्राकृति और आदतों के रूप में हमें अपने हाथों से बुरा देना पड़ेगा। पलायन करने वाले जानवरों को सुरक्षित रखने के लिए हमें अपनी आदतें बदलनी होंगी। पर्यावरण को स्वच्छ बनाए रखने की दिशा में निरंतर प्रयास करना होगा। सभी को अधिक से अधिक संख्या में पेड़-पौधे लगाने चाहिए। वृक्षों की कटाई रोकनी होगी और नदियों को प्रदूषित होने से बचना बहुत जरूरी है। कोरोना संकट के वर्तमान दौर में मैंने डॉक्टर्स और पुलिसकर्मियों के लिए विशेष क्रिसम का शौल्ड मास्क तैयार किया है, जो उनके कामकाज को दृष्टि से पूर्णतः सुरक्षित और सुविधाजनक है। इसके अलावा एप्लिकल्ड वेस्ट को रीसाइक्लिंग के जरिये में कुछ उपयोगी वस्तुएं बनाने की तैयारी में जुटा हूँ।

घर को रखें प्रदूषणमुक्त
 अपने घर को प्रदूषणमुक्त रखने के लिए, अंकित त्रिपाठी और अतुल त्रिपाठी ने कुछ उपयोगी वस्तुएं बनाई हैं। इनके उपयोग से घरों में प्रदूषण कम होगा और पर्यावरण को बचाया जा सकेगा।

इको फ्रेंडली स्टेशनरी बनाई
 अंकित त्रिपाठी ने प्लास्टिक के उपयोग से बचने के लिए लकड़ी की आवश्यकता होती है इसके लिए पैकेट बनाए हैं, जबकि प्लास्टिक के उपयोग होने के बाद पर्यावरण प्रदूषण करते हैं। इनकी योजना है कि पर्यावरण से सभी को जोड़ा जाए और लोग पीछा छोड़ने के लिए अपने भी आएं।

समुद्र तटों की स्वच्छता के लिए
 अंकित त्रिपाठी ने प्लास्टिक के उपयोग से बचने के लिए लकड़ी की आवश्यकता होती है इसके लिए पैकेट बनाए हैं, जबकि प्लास्टिक के उपयोग होने के बाद पर्यावरण प्रदूषण करते हैं। इनकी योजना है कि पर्यावरण से सभी को जोड़ा जाए और लोग पीछा छोड़ने के लिए अपने भी आएं।

प्लास्टिक मुक्त समाज के निर्माण में जुटे दो सगे भाई

संवाद न्यूज एजेंसी

आलापुर। इंजीनियरिंग को पढ़ाई करने के बाद आलापुर तहसील क्षेत्र के दो सगे भाइयों ने प्लास्टिक मुक्त भारत की पहल पर काम कर बिले का मान बढ़ाया है। दोनों की इस मुहिम से न सिर्फ युवा वर्ग तेजी से जुड़ रहा है बल्कि उनके इस प्रयास की सभी सराहना भी लोग कर रहे हैं। युवाओं का दावा है कि उनके द्वारा दिल्ली में शुरू किया गया यह अभियान अब कूड़ा रूप ले रहा है। उनका उद्देश्य है देश को प्लास्टिक से मुक्त करना। आलापुर तहसील क्षेत्र के ग्राम बाभनपुर निवासी शिक्षक सत्येंद्र कुमार त्रिपाठी के पुत्र अंकित त्रिपाठी व अतुल त्रिपाठी ने देश व समाज के युवाओं के लिए एक नई मिसाल पेश की है। एनआईटी कालेज नोएडा से इंजीनियरिंग की पढ़ाई करने के उपरांत दोनों भाइयों ने बढ़ते प्लास्टिक के उपयोग को कम करने व अनुप्रयुक्त सामान को बेहतर प्रयोग

आलापुर निवासी सगे भाई।

में लागू जा सकने की पहल शुरू की है। इनके फ्रेंडली स्टार्टअप यूनीको का गठन कर इस मुहिम को दिल्ली में प्रयोग के तौर पर शुरू किया है। उनका कहना है कि अनुप्रयोगी वस्तुओं को मिलाकर उपयोगी वस्तु बनाते हुए महिलाओं और विशेष रूप से असक्षम नागरिकों को रोजगार दिया जा सकता है। बताया कि औद्योगिक कूड़ा, गत्ते, कचरा, शीशान, जैविक तथा प्राकृतिक सामग्रों के

उपयोग से ऑफिस स्ट्रैपलिटो, इबैट, कॉफ़ेस व ग्रीनिंग इंडस्ट्री के विकल्प तैयार किए जा रहे हैं। दिन-प्रतिदिन बढ़ते प्रदूषण और घटती हरियाली ने भविष्य को लेकर चिंता में डाल दिया है। सरकार हो या आम नागरिक, सभी को अपने स्तर पर प्रदूषण को दूर करने के लिए आगे आना होगा। बताया कि यूनीको स्टार्टअप के तहत बांस व नारियल के इस्तेमाल से तैयार एयर प्यूरिफायर की मांग न सिर्फ देश में बल्कि विदेशों में भी बढ़ रही है। इसके अलावा रस्दों काचन से फोल्डर, सर्टिफिकेट, आईडी कार्ड, पॉसल, पेन आदि भी बनाए हैं। ऐसे ही कई उत्पाद हैं जिनका उत्पादन खराब हो चुके सामान से किया जा रहा है। कहा कि इससे वंचित परिवारों को महिलाओं को रोजगार भी दिया जा रहा है। बताया कि इस अभियान से असम, रुड़की, परिबाम बंगाल, धामपुर आदि क्षेत्रों से बड़ी संख्या में आईटी सेक्टर के युवा जुड़े हैं। युवाओं की इस पहल की श्रेय में चर्चा है।

इनर

पर्यावरण जागरूकता के साथ इंजीनियरिंग के छात्र ने शुरू किया स्टार्टअप

बांस, जूट, कपास व बेकार की वस्तुओं से बना रहे हैं उत्पाद

ग्रेटर नोएडा, 21 अगस्त (देशबन्धु)। किसी कंपनी में नौकरी करने के बजाय स्वयं का कारोबार शुरू करने का जज्बा लेकर मैकेनिकल इंजीनियरिंग से वीटेक करने वाले छात्र अंकित त्रिपाठी ने पर्यावरण बचाने का बीड़ा उखाया और बेकार की वस्तुओं से उपयोगी वस्तुओं को बनाकर स्टार्टअप शुरू किया। अंकित ने अपने अपने कारोबार में एक कंपनी में डिजाइन थिंकर के रूप में कार्य कर रहे भाई अतुल त्रिपाठी की भी नौकरी छुड़ा दी।

- सौ रुपए का कारोबार पचास लाख के टर्नओवर पर पहुंचा
- एनआईटी कालेज ने स्टार्टअप बढ़ाने के लिए दिया अनुदान

पहला उत्पाद 100 रुपए बेचने वाले छात्र ने कोविड के दौरान ही पिछले दो वर्षों में अपना टर्नओवर 50 लाख रुपए तक पहुंचा दिया है। अंकित के बनाए उत्पाद को बड़ी बड़ी कंपनियों के आफिस के शो केस में देखने को मिल रहा है। अंकित के प्रयास को देखते हुए एनआईटी कॉलेज के कार्यकारी उपाध्यक्ष रमन बत्रा ने

एक लाख का अनुदान दिया और पच्चीस लाख का स्टार्टअप शुरू कराया है। मूल रूप से अंबेडकर नगर के भवनापुर गांव के निवासी अंकित त्रिपाठी नॉलेज पार्क स्थित एनआईटी कॉलेज से मैकेनिकल इंजीनियरिंग वर्ष 2019 में पूरी की थी। वर्तमान में वह दिल्ली के स्वरूप नगर में परिवार के साथ रह रहा है। इंजीनियरिंग करते हुए

पर्यावरण अनुकूल ही उत्पाद बनाने और वेस्ट को रिसाइकिल करने की मुहिम शुरू की। दोनों भाइयों ने गन्ना मिल की राख, जूट, बांस और कबाड़ आदि को रिसाइकिल कर उपयोग किया है। इनकी मदद से दफ्तरों के उपयोग में आने वाली चीजें, किसी आयोजन और कॉफ़ेस में उपयोग आने वाली चीजें, गिफ्ट, ग्लास, स्पीकर, रिसाइकिलड पेपर से नोटपैड, डायरी, फोल्डर्स, आईडी कार्ड बना रहे हैं। इसके अलावा जूट के हैंड बैग, जूट बैग, पाउच बना रहे हैं। वहीं, नारियल के वेस्ट से गमले, खराब हुए पेपर से रिसाइकिलड पेपर, हैंडमेड पेपर आदि चीजें बना रहे हैं।

जय श्रीराम...

पीएम नरेन्द्र मोदी के डिजिटल इंडिया से लेकर मुख्यमंत्री योगी आदित्यनाथ के प्रदेश के विकास की तस्वीर को झेन शो से आसमान में दिखाया गया तो लोग इस नज़ारे को मोबाइल फोन में कैद करते नजर आए। तिरों के साथ आजादी का अमृत महोत्सव की तस्वीर देखी तो भारत माता के जयकारे से परिसर गुंजायमान हो उठा। काशी, अयोध्या और मथुरा की पावन धरती समेत यूपी की गाथा भी झेन शो में दिखाया गया। यूपी की कहानी कहना झेन शो दर्शकों के लिए कौतूहल का विषय रहा। श्रीराम के दर्शन हुए तो दर्शक श्रीराम के जयकारे लगने लगे

सगे भाइयों ने कबाड़ से जुगाड़ बना शुरू किया स्टार्टअप

जागरण संवाददाता, लखनऊ : कहते हैं इरादा नेक हो तो कोई भी काम मुश्किल नहीं। परिसर से मॉजिल आसमान हो जाती है। कुछ ऐसी ही मिसाल पेश की है अंबेडकरनगर के सगे भाई अंकित और अतुल त्रिपाठी ने। सगे भाइयों ने 30 हजार रुपयों में कबाड़ से जुगाड़ बनाकर गिफ्ट तैयार करने का काम शुरू किया। वर्तमान में उनका स्टार्टअप दूसरों के लिए प्रेरणास्रोत बनकर उभरा है। अब वह कंपनी संचालित कर रहे हैं। राम नगर, अंबेडकर नगर निवासी अंकित त्रिपाठी और अतुल ने कबाड़ से उपहार बनाना शुरू किया। अंकित बताते हैं कि शुरू में उन्हें काफी समस्या का सामना करना पड़ा। हालांकि उनका काम लोगों को पसंद आया। इसके बाद प्रदेश सरकार ने भी उन्हें सहयोग दिया।

अंबेडकर नगर के सगे भाइयों के काम को सरकार ने भी सराहा है। 30 हजार में शुरू किया या काम सब प्रदेश में ही रही सराहना

यही स्टार्टअप इंडिया से भी उनके मदद मिली। सगे भाइयों ने युनिको नाम से कंपनी बनाई और आगे बढ़े। वर्तमान में कंपनी का सामान लोग खूब पसंद कर रहे हैं। अंकित बताते हैं कि उनका प्रयास बदलाव लाने के लिए था। समय लगा, लेकिन इसका प्रभाव दिख रहा है। अलग अलग वर्ग से लोग और छात्र उनके साथ जुड़ रहे हैं। लोगों को पर्यावरण के प्रति गंभीर होना पड़ेगा। अंकित के मुताबिक अलग अलग कंपनियों से उन्हें ऑर्डर प्राप्त हो रहे हैं। डायरी, पेन कवर, बैला व उपहार के अन्य सामान लोग ऑर्डर पर मंगते हैं।

Selected in Top 15 Startups across Pan India by Startup India (Government of India) to represent Uneako in Dubai Expo 2020

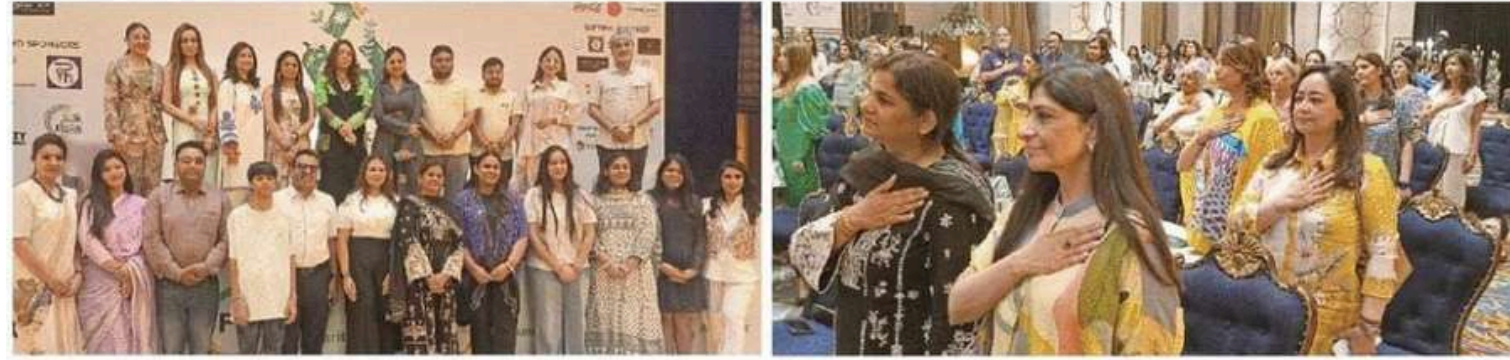

This large graphic features the headline 'INDIAN START-UPS SHINE AT EXPO 2020 DUBAI' and a sub-headline 'INDIA, WORLD'S THIRD-LARGEST INCUBATOR OF UNICORNS'. It includes a quote from Anand Kumar: 'I am elated to see young, bright innovators and start-up founders from India showcasing their ideas and connecting with their global counterparts at Expo 2020 Dubai.' The graphic also lists several startups: ovishtkior, AR, edifyof, GLAMYO HEALTH, PLANYS, and UNEAKO. Logos for the Ministry of Commerce & Industry, Azadi Ka Amrit Mahotsav, EXPO 2020 DUBAI UAE, India, FICCI, and #startupindia are also present.

This advertisement for PLANYS features a hand holding a globe. The text reads: 'and from here j with parts ai.' Below this, it says 'Start-up: Uneako Sector: Environment & Social Founder: Ankit and Atul Tripathi'. The ad describes Uneako as an amalgamation of words, unique and eco, providing eco-friendly and sustainable products. It also mentions that Uneako has completed 170+ projects globally across multiple sectors.

विश्व पर्यावरण दिवस को लेकर फिक्की फ्लो ने वेस्ट वारियर्स के सहयोग से करवाया कार्यक्रम

विश्व पर्यावरण दिवस के अवसर पर फिक्की फ्लो की ओर से आयोजित कार्यक्रम के दौरान वेस्ट वारियर्स के साथ मुख्य मेहमान अंदलीब कौर ओजला, चेरयर्सन डॉ. सिमरप्रीत संधू, मोना सिंह, शिखा सरिन व अन्य। (दाएं) कार्यक्रम के दौरान पर्यावरण को बनाने की श्रम करते हुए सदस्य-राख खिन्नरपुरिया

जागरण संवाददाता अमृतसर : फिक्की फ्लो की चेरयर्सन डॉ. सिमरप्रीत संधू के गतिशील नेतृत्व में युवाओं को विश्व पर्यावरण दिवस को जीवंत उत्सव के साथ मनाया, जिसमें टिकाऊ फैशन और पर्यावरण पहल पर विचार किया गया। इस कार्यक्रम में प्रशस्ति डिजाइनर फराह संजना शामिल हुई थी, जो टिकाऊ फैशन में

अपने अग्रणी काम के लिए जानी जाती है, जिन्होंने अपसाइकल वियर और पर्यावरण के प्रति जागरूक शैली के लिए अपने विचार साझा किए। इस मौके पर यूनेस्को ग्रीन अर्थ प्रॉड्युट लिमिटेड के दूरदर्शी संस्थापक अंकित त्रिपाठी व अतुल त्रिपाठी भी उपस्थित थे। उन्होंने ट्रेश टू ट्रेजर सत्र में स्थिरता के लिए अपनी अंतर्दृष्टि और

प्रतिबद्धता साझा की। वहीं इस मौके पर डा. सिमरप्रीत संधू ने बताया कि आर्योवन का मुख्य आकर्षण प्रतिष्ठित फ्लो वेस्ट वारियर अवार्ड्स 2024 था, जिसमें व्यक्तियों व संगठनों को अपशिष्ट प्रबंधन और स्थिरता में उनके उत्कृष्ट योगदान के लिए सम्मानित किया गया। पुरस्कार

विजेताओं में लजरो डिजाइन लेवल फराह संजना की संस्थापक व सोईओ स्क्रीप्स टू सक्सेस के विषय पर एक राउंड टेबल फार क्राज की भी मेजवानी की गई, जिसमें बताया गया कि कैसे रचनात्मकता व पर्यावरणीय चेतना कचरे को मूल्यवान संसाधनों में बदल सकती है। तन्या खन्ना सहित

सिमरन सराय द्वारा संचालित गोलमेज ने विचारों के आदान-प्रदान और अधिक टिकाऊ भविष्य की दिशा में प्रेरक कार्रवाई के लिए एक मंच प्रदान किया। इसके साथ ही साथ विभिन्न क्षेत्रों के पेशेवरों द्वारा फैशन में टिकाऊ विकल्प बनाने के विषय में जागरूकता फैलाने के मकसद से किया गया था।

Emphasis laid on sustainable business practices, environmental initiatives

TRIBUNE NEWS SERVICE

AMRITSAR, JUNE 5
Marking the World Environment Day observed on June 5 every year and to promote sustainable business initiatives, the Amritsar chapter of FICCI FLO highlighted sustainable fashion and environmental initiatives with a special event.

Designer Farah Sanjana, known for her upcycled wear and eco-conscious style, brothers Ankit Tripathi and Atul Tripathi, founders of Uneako Green Earth Private Limited, were among the individuals honoured for their innovative approach towards sustainable business practices. Sharing their insights and commitment to sustainability at the "Trash to Treasure" session, these young innovators elaborated on their dedication to promoting the concept of "sharing sustainable happiness".

While Farah uses dust bags and waste from work-space to create conscious,

mindful clothing by reusing waste and already existing leftovers from her previous collections, minimising the impact on environment, Uneako is a brand which provides quality earth-friendly products produced by the marginalised section. These products are climate-positive, biodegradable and provide economic opportunities to those in need.

Both Ankit and Atul shared that their journey began by a small thought to make a huge pile of garbage disappear in their neighbourhood. "Our products use biodegradable, non-plastic and climate-friendly material, including recycled waste, to create a line of items of everyday use like key chains, pens, calendar, candle stands and many more," said Atul. Their brand mascot is Polu, a polar bear, symbolising the need to draw attention to the survival of polar bears in the face of climate change and

global warming. A highlight of the event was the 'FLO Waste Warrior Awards 2024', recognising individuals and organisations for their outstanding contributions to waste management and sustainability. The awardees in the "Luminaries" category included Farah Sanjana; Ankit Tripathi and Atul Tripathi; Manjot Dhillon, Founder & Director of Invictus International School, Amritsar; Rajiv Sharma, Principal of Spring Dale Senior School, Amritsar; Sachin Khanna, Director of Swadeshi Textile Corporation Pvt Ltd; Dr Rajan Sharma, Project Manager (E-Waste) at Pahal NGO, and Akanksha Aggarwal, co-founder of Utsav by Tina & Akanksha.

The event also hosted a round table on the topic 'Eco-Innovate: Scripting Scraps to Success'. "The event showcased FLO Amritsar's dedication to creating a green, more sustainable future for all," said Dr Simarpreet Sandhu.

Restoring green wealth and health Phulkari WOA marked World Environment Day in collaboration with the United Nations Environment Programme (UNEP) and the World Environment Day Organisation, by organising a tree plantation drive ceremony at the School of Eminence, Karampura School. The event aligns with this year's World Environment Day theme, "Restore Our Earth", emphasising the urgent need for environmental restoration and sustainable practices.

President of Phulkari WOA Sheetal Sohal emphasised the critical need for tree plantation in combating climate change and fostering a green future. The event also included a comprehensive tree plantation activity, where participants were guided on proper planting techniques and each had the opportunity to plant a tree, reinforcing their commitment to environmental stewardship.

फिक्की फ्लो ने विश्व पर्यावरण दिवस मनाया

अमृतसर | फिक्की फ्लो की चेरयर्सन डॉ. सिमरप्रीत संधू के नेतृत्व में एफएलओ ने विश्व पर्यावरण दिवस को उत्सव के साथ मनाया। इसमें टिकाऊ फैशन और पर्यावरण पहल पर प्रकाश डाला गया। इसमें डिजाइनर फराह संजना ने अपसाइकल वियर और पर्यावरण के प्रति जागरूक करने के लिए विचार रखकर लोगों को प्रेरित किया। इस आयोजन का मुख्य आकर्षण वेस्ट वारियर अवार्ड्स 2024 देना था। इस मौके पर डॉ. राजन शर्मा, आकांक्षा अग्रवाल, टीना, दिशिता सरिन, गुलनाज कौर गिल, विनायक खन्ना, अमीरा सचदेवा और अंबर गिल को पर्यावरण संरक्षण में उनके प्रभावशाली काम के लिए सम्मानित किया गया।

फिक्की फ्लो ने रीसायकल फैशन के अनूठे प्रयास से मनाया वर्ल्ड एनवायरमेंट-डे

■ अपसाइकल विचार व पर्यावरण के प्रति किया जागरूक

कार्यक्रम के दौरान दिशिता को वेस्ट वॉरियर अवार्ड, सर्टिफिकेट के साथ सम्मानित करते हुए फिक्की फ्लो की चेंबरपर्सन डा. सिमरप्रीत कौर संधू, डिजाइनर फराह संजना, अन्दिलोप कौर औजला, अंकित त्रिपाठी अतुल त्रिपाठी व (दाएं) डिजाइनर फर संजना की अनुठी कलेक्शन को प्रेंट करती डा. लतिका उषल, श्रेया खन्ना, शिवालिक खन्ना व अन्य। (चौके)

अमृतसर, 5 जून (स.ह.): डा. सिमरप्रीत संधू के गतिशील नेतृत्व में फिक्की फ्लो अमृतसर ने विश्व पर्यावरण दिवस को एक उत्सव के तौर पर मनाया, जिसमें फैशन इंस्ट्रुटी किस तरह से पर्यावरण को संरक्षित करने में सहायक हो सकती है, इस पर विभिन्न चर्चाएं की गईं। कार्यक्रम में डिजाइनर फराह संजना शामिल हुईं, जो फैशन जगत में अपने बेहतरीन काम के लिए जानी जाती हैं, जिन्होंने अपसाइकल विचार और पर्यावरण के प्रति जागरूक शैली के लिए अपना दृष्टिकोण साझा किया और उपस्थित लोगों को प्रेरित किया।

यूनेको ग्रीन अर्थ प्राइवेट लिमिटेड के संस्थापक अंकित त्रिपाठी और अतुल त्रिपाठी भी इस कार्यक्रम में विशेष तौर से उपस्थित रहे। उन्होंने 'ट्रैश टू ट्रेजर' सत्र में स्थिरता के लिए अपनी सोच एवं कमिटमेंट को उपस्थित लोगों से साझा किया। इस आयोजन का मुख्य आकर्षण 'फ्लो वेस्ट वॉरियर अवार्ड्स 2024' रहा, जिसमें ऐसे लोगों को सम्मानित किया गया जो कि पर्यावरण को सुरक्षित रखने में अपनी एक विशेष भूमिका निभा रहे हैं।

वेस्ट वॉरियर अवार्ड के साथ सम्मानित राजीव शर्मा, सचिन खन्ना, डा. राजन शर्मा, आकांक्षा अग्रवाल, गुलनाज कौर, विनायक खन्ना, अमौर सचदेवा, अंबर गिल। (चौके)

कई संस्थाएं 'ल्यूमिनरीज अवार्ड' से सम्मानित

ल्यूमिनरीज अवार्ड की श्रेणी में पुरस्कार विजेताओं में लकनौ डिजाइन लेबल फराह संजना की संस्थापक और सी.ई.ओ. फराह संजना शामिल, यूनेको ग्रीन अर्थ प्राइवेट लिमिटेड के संस्थापक अंकित त्रिपाठी और अतुल त्रिपाठी, मनजोत हिल्लों इनविवटस इंटर नेशनल अमृतसर की संस्थापक और निदेशक, राजीव शर्मा स्ट्रिंग डेल सीनियर स्कूल अमृतसर से, स्वदेशी टैक्सटाइल कॉर्पोरेशन प्राइवेट लिमिटेड के निदेशक सचिन खन्ना, पहल एन.जी.ओ. जालंधर में प्रोजेक्ट मैनेजर (ई-वेस्ट) डा. राजन शर्मा और आकांक्षा अग्रवाल उत्सव बाय टीना एंड आकांक्षा की सह-संस्थापक को सम्मानित किया गया।

उमरते सितारे भी सम्मानित

इस श्रेणी में कला-क्रिएटिविटी फ़ॉर ए कॉज की संस्थापक दिशिता, गुलनाज कौर गिल आर्टिस्ट पेपर पैराडाइज की संस्थापक, विनायक खन्ना वेस्ट टू ज़ेल्थ के संस्थापक और प्रोजेक्ट फीनिक्स के संस्थापक अमौरा सचदेवा और अंबर गिल को पर्यावरण संरक्षण में उनके अभिनव और प्रभावशाली काम के लिए सम्मानित किया गया।

कार्यक्रम का उद्देश्य पर्यावरण में आ रहे बदलाव को रोकना : डा. संधू

डा. सिमरप्रीत संधू ने पंजाब केसरी की टीम के साथ विशेष तौर पर बातचीत करते हुए कहा कि 'इस कार्यक्रम का मुख्य उद्देश्य हमारे पर्यावरण में आ रहे बदलाव को रोकना एवं रीसायकल फैशन को लोगों की नई पसंद बनाना रहा जिससे कि एक तो हमारी पुरानी पुश्तैनी परिधान फिर एक बार दोबारा से सजग एवं संजीव हो उठे साथ ही साथ पर्यावरण को भी दूषित होने से बचाया जा सके।

नए-नए तरीकों व दृष्टिकोणों पर चर्चा

कार्यक्रम में 'इको-इनोवेट' स्क्रिप्टिंग स्क्रैप्स टू सक्सेस विषय पर एक राउंड टेबल फॉर कॉज की भी मेजबानी की गई। इसमें पर्यावरण को बचाने के लिए वेस्ट हो चुके पदार्थ को रीसाइकल कर किस तरह से इन्वोवेटिव ढंग से इस्तेमाल किया जा सकता है। इस पर अंकित और अतुल त्रिपाठी, यूनेको ग्रीन अर्थ प्राइवेट लिमिटेड के संस्थापक ने विशेष रूप से चर्चा में नए-नए तरीकों एवं दृष्टिकोणों पर चर्चा की, जिसका संचालन तन्या खन्ना और सिमरन सराय द्वारा किया गया। कार्यक्रम को द काउचर बाय के.जे.एच. द्वारा समर्थित किया गया, जिसका समारोह विभिन्न क्षेत्रों के पेशेवरों द्वारा फैशन में बेहतरीन विकल्प बनाने के बारे में जागरूकता फैलाने के लिए किया गया। इसमें नवीनतम ढंग से डिजाइन फराह संजना द्वारा डस्ट बैग्स एवं पुराने डिजाइनर एवं ऐसे कपड़ों को डिजाइन कर रियूज किया गया लककी अक्सर हमारी चॉर्डरोब की सजावट बन कर रह जाते हैं, जिससे पर्यावरण पर प्रभाव कम हो। पंजाब के पारंपरिक हथकरवा-फुलकारी को उनके परिधानों में एक आधुनिक मोड़ दिया गया, जहाँ पुराने फुलकारी दुपट्टों को पुनः इस्तेमाल कर पोशाक बनाई गई।

एनआईटी के छात्र को यूके जाने का मिला अवसर

भास्कर ब्यूटो

ग्रेटर नोएडा। एनआईटी के टेक्नोलॉजी बिजनेस इन्क्यूबेटर (एनआईटी-टीबीआई) में यूनेको स्टार्टअप के संस्थापक एवं एनआईटी के पूर्व छात्र अंकित त्रिपाठी को वन यंग वर्ल्ड समिट में भारत से प्रतिनिधित्व के लिए मैनचेस्टर, (यूनाइटेड किंगडम) में आमंत्रित किया गया है। 5 से 8 सितंबर 2022 तक मैनचेस्टर यूनाइटेड किंगडम में वन यंग वर्ल्ड समिट में भारत से प्रतिनिधित्व करने के लिए 3000 आवेदनों में से अंतिम एनवायरनमेंटल फाउंडेशन द्वारा दुनिया भर में शीर्ष 15 परियोजनाओं में चयनित किया गया। मैनचेस्टर में यह समिट, एक युवा विश्व शिखर सम्मेलन युवा दूरदर्शी और उनके विचारों को एक मंच प्रदान करता है।

इस वर्ष 190 देशों के 2000 से अधिक वैश्विक नेताओं और परिवर्तन निमाताओं के वैश्विक समस्याओं के समाधान साझा करने के लिए भाग लेने की उम्मीद है। यूनेको एक अद्वितीय और पर्यावरण के अनुकूल उत्पादों का स्टार्ट-अप

उपक्रम है। उत्तर प्रदेश के जनपद अबिडकरनगर के ग्राम बाभनपुर के निवासी सत्येंद्र त्रिपाठी के दो बेटों अंकित त्रिपाठी और अतुल त्रिपाठी जो कि एनआईटी, ग्रेटर नोएडा के मैकेनिकल इंजीनियरिंग के पूर्व छात्र हैं, ने पर्यावरण को बचाने की मुहिम चलाने के उद्देश्य भारत को प्लास्टिक मुक्त करने का संकल्प लिया जिसके तहत युवाओं ने अपने साथियों के साथ यूनेको की शुरूआत की तथा इको फ्रेंडली प्रोडक्ट बनाने

मिला उसी का परिणाम है कि आज मैं यहाँ तक पहुंच सका हूँ। पहले इसी उद्देश्य मैंने छोटा सा प्रोजेक्ट शुरू किया जिसके तहत मैंने छी कागज से पेंसिल तैयार कीं। जिसके भीतर तुलसी सहित कई तरह के फूलों के बीज भरे होते हैं। अक्सर पुराने पेंसिल को लोग डस्टबिन में फेंक देते हैं लेकिन इसे जमीन के नीचे दबा दिया जाता है क्योंकि कागज बायो-डिग्रेडेबल होता है और जल्दी से मिट्टी में मिल जाता है। उससे उसके भीतर के बीज कुछही दिनों में पौधे का रूप धारण करके चारों तरफ हरियाली बिखेरते हैं। हम लोग जूट से बैग, स्टेशनरी, गिफ्टिंग आइटम्स आदि इको फ्रेंडली उत्पाद बनाते हैं। मेरी हमेशा यह कोशिश होती है कि मैं जरूरतमंदों से ही इस कार्य में सहयोग लूं ताकि पर्यावरण संरक्षण के साथ उन्हें रोजगार भी मिल सके। हमारे साथ दिव्यांग लोग भी काम करते हैं। वैसे मैं इंजीनियर हूँ लेकिन कोई ऐसा काम करना चाहता था जिससे मन को सच्ची खुशी मिल सके। जब मैंने जाँच छोड़ कर इस दिशा में काम करने का निर्णय लिया तो मेरे

माता-पिताको यह बात अच्छी नहीं लगी, लेकिन आज जब मैं पर्यावरण संरक्षण के साथ देश के जरूरतमंद युवाओं को रोजगार उपलब्ध करा रहा हूँ यह देख कर मेरे माता-पिता तथा परिजनों को गर्व महसूस होता है। उन्होंने कहा मुझे भारत की तरफ से यूनाइटेड किंगडम जाने का जो मौका मिला उसमें एनआईटी ग्रेटर नोएडा, सरकार के साथ-साथ हमारे टीम में काम करने वाले मेरे सहयोगियों ऋषिका, अनन्या, अनुभव, वैभव एवं प्रीति आदि का अहम योगदान है। एनआईटी के एग्जीक्यूटिव वाइस प्रेसिडेंट रमन बत्रा ने कहा कि एनआईटी हमेशा से इन्वेंशन और कौशल पर बल देता आया है और एनआईटी-टीबीआई ने केवल एनआईटी बॉलिक अन्य स्टार्ट-अप को भी अपने सपनों को उड़ान भरने का मौका दिया है। उन्होंने आगे कहा कि एनआईटी को अंकित की उपलब्धि पर गर्व है और हम सदैव नए विचारों को सफल स्टार्ट-अप में बदलने के लिए हर संभव सहायता करने के लिए प्रतिबद्ध हैं।

सगे भाइयों ने कबाड़ से जुगाड़ बना शुरू किया स्टार्टअप

जागरण संवाददाता, लखनऊ : कहते हैं इरादा नेक हो तो कोई भी काम मुश्किल नहीं। परिश्रम से मंजिल आसान हो जाती है। कुछ ऐसी ही मिसाल पेश की है अबिडकरनगर के सगे भाई अंकित और अतुल त्रिपाठी ने। सगे भाइयों ने 30 हजार रुपये में कबाड़ से जुगाड़ बनाकर गिफ्ट तैयार करने का काम शुरू किया। वर्तमान में उनका स्टार्टअप दूसरों के लिए प्रेरणास्रोत बनकर उभरा है। अब वह कंपनी संचालित कर रहे हैं। राम नगर, अबिडकरनगर निवासी अंकित त्रिपाठी और अतुल ने कबाड़ से उपहार बनाना शुरू किया।

- अबिडकरनगर के सगे भाइयों के काम को सरकार ने भी सराहा
- 30 हजार में शुरू किया था काम सब प्रदेश में हो रही सराहना

यही स्टार्टअप इंडिया से भी उनको मदद मिली। सगे भाइयों ने यूनेको नाम से कंपनी बनाई और आगे बढ़े। वर्तमान में कंपनी का सामान लोग खूब पसंद कर रहे हैं। अंकित बताते हैं कि उनका प्रयास बदलाव लाने के लिए था। समय लगा, लेकिन इसका प्रभाव दिख रहा है। अलग अलग वर्ग से लोग और छात्र उनके साथ जुड़ रहे हैं। लोगों को पर्यावरण के प्रति गंभीर होना पड़ेगा। अंकित के मुताबिक अलग

15 स्टार्टअप में एनआईटी के पूर्व छात्र का चयन

जासं, ग्रेटर नोएडा : आटो दिग्गज कंपनी आडी ने विश्व के शीर्ष 15 स्टार्टअप में नालेज पार्क स्थित एनआईटी ग्रेटर नोएडा के पूर्व छात्र अंकित त्रिपाठी को 'वन यंग वर्ल्ड समिट' में भारत से प्रतिनिधित्व को मैनचेस्टर, यूके जाने का अवसर दिया है। अंकित ने कुछ वर्ष पूर्व यूनेको स्टार्टअप शुरू की थी। पांच से आठ सितंबर तक समिट मैनचेस्टर यूके में होगा। भारत से प्रतिनिधित्व करने के लिए 3000 आवेदन मिले थे। आडी एनवायरनमेंटल फाउंडेशन ने

एनआईटी कालेज के एग्जीक्यूटिव वाइस प्रेसिडेंट रमन बत्रा के साथ छात्र अंकित त्रिपाठी ● सौ. कालेज दुनियाभर में शीर्ष 15 परियोजनाओं चयनित किए।

Two brothers on a quest to make biodegradable items to replace single-use plastic

8:57 AM · 02/07/22 · Twitter Web App

+++ One Young World: Meet our Scholars 2022 +++

Today we present Ankit Tripathi from India and learn about his project UNEAKO.

What aspect of your project makes you proud?
Uneako, an eco brand, with the motto of "Sharing Sustainable Happiness" is striving to create an aura of cautiousness for the problems of environmental destruction and climate change and by introducing an exclusive and innovative range of eco-friendly product solutions. Our main objective is to make our planet happy. With our motto "sharing sustainable happiness", we strive to curb the environmental threats of climate change and plastic pollution by introducing an exclusive innovative range of climate-positive product solutions, which are made using various organic, natural, industrial waste and biodegradable materials. We are also supporting marginalised communities.

What are your next steps/goals?
As our mission is to Make Planet Happy by Sharing Sustainable Happiness, so our next step is make uneako as a global sustainable brand which will provide all sustainable alternatives for Office utilities, Gifting, Events and Conferences. We need to create more new innovative products alternatives and keep innovating ourselves to reduce the carbon footprint of the corporate's and organisations, also we want to create more number of jobs for the marginalised community so that we can create dual more dual impact.

Uneako – Sharing Sustainable Happiness

Story:-
There used to be a **giant heap of garbage** a few kilometre from our home, piling up and **rising every single day**. It was immensely dissatisfying to see the plastic filled heap everyday, which deep down felt like a threatening warning for the actions of mankind right in front of are eyes. Burning issues of rising climate change and the threatening problem of single use plastic, everything collectively gave us a strong push to think about a way to save our environment. I, Ankit Tripathi discussed about the same with my brother Mr Atul Tripathi who was working as a design thinker, back then. **Both of us are poles apart in our respective approaches but the feeling of empathy binds us together.** We together envisioned the concept of UNEAKO, where we

India's First Interdisciplinary Environment & Sustainability School

Mr. Ankit Trivedi,
Founder – “UNEAKO”

An engineer turned into Young Social Entrepreneur, TEDx speaker and environment enthusiast, started working towards to curb the environmental threats of climate change and plastic pollution by introducing an exclusive innovative range of climate positive product solutions under the brand name of “UNEAKO” which are made using various organic, natural, industrial waste and biodegradable materials. He has been keen to work with the marginalised communities and have worked with ' Vaigyanik Likho', 'Yes Bank Foundation' 'Khushiyan Baatoon Society' and looking forward to many more.

STARTUP @ NIET

“Uneako has been receiving consistent help from NIET TBI since 2018 when we were student at NIET. Branding, Marketing, sales and lead have all been supported by NIET team. We also received assistance on interns' availability as per requirement besides good co-working space. Also got mentorship in various domains from eminent professors of NIET to create more impact to make this Planet a happy place.”
